## Credit Union Foundation of British Columbia

*... people helping people to help themselves*

Established in 1958 under the Society Act of British Columbia, the Credit Union Foundation of BC was founded by and is funded by credit union members as the provincial wide philanthropic arm of the credit union system. Its primary purpose is to provide financial assistance to BC resident post-secondary students attending accredited schools within the province, to complete their program of studies in order to enter the work force and become contributing members of their community.

DONATIONS are accepted in tribute to past or present credit union pioneers and members. They are credited to the principal of Trusts or Memorials and kept in perpetuity. Only the monies earned on those principals are used to provide education awards. An official receipt is provided for all donations.
